PROFILE

I am a Front-End Developer currently studying Information Security at Azerbaijan Technical University. I have completed Front-End development training at both Code Academy and JED Academy, where I gained strongtheoretical and practical knowledge of modernweb technologies. I haveworked on real-world projects through Code Academy's CFF project, enhancing my hands-on experience.

WORK EXPERIENCE

Azerbaijan TechnicalUniversity   2024 - PRESENT
Front-End Developer

- Contributedto the development of university projects such as the Electronic Education System, Electronic Schedule, and several internal platforms.
- Responsible for UI/UX implementation, frontend integration, and deployment processes.

AISTGroup   04/2024 - 07/2024
Front-End Intern

- Worked on real-world projects involving API integration, and the development of responsive and dynamic websites.
- Enhanced proficiency in React.js, Axios,and RESTful APIs while collaborating in a team environment using Git/GitHub for version control.

PERSONAL PROJECTS   2025
QuizApp (Full Stack Web Application)

- Developed a full-stack web application using React, Node.js, Express.js, and PostgreSQL.
- Implemented user registration, question management, resultstracking, and an admin panel.The project was fully deployed independently.
